**Hands Talent Connect** is the optimal recruitment programme to reach the right people within our field of PPE, workwear and H&S. Through a sophisticated marketing strategy, we will be able to get your vacancy visible to the right candidate.

We start by creating your corporate identity on our platforms and thereby create a vacancy and company experience page. We then share this in our network, the network of professionals active in our world of health and safety.

This way of working has the advantage that your vacancy immediately reaches our network at a very accessible formula. We already have a package from €1,500/vacancy, which then remains active for 3 months. From the 4th vacancy onwards, you get a nice discount.

We let candidates contact your company directly. Got a match? Great! "Mission accomplished" and you owe us nothing more. Good Luck!

You can complement this formula with a **recruitment campaign**, to be filled in as you wish:

	<b>Business Basic</b> € 1.100,00	<b>Business Standard</b> € 2.200,00	<b>Business Premium</b> € 3.500,00	<b>Executive search</b> Meer info
